Vision: *To be an exemplary educational community where individuals discover and cultivate their God-given potential.*

Oakbrook Preparatory School is committed to open, honest and ongoing communication with our school community. We understand that maintaining a two-way conversation with parents and community members is essential for building relationships. These relationships are the foundation for a strong school.

This communications plan was designed to establish a comprehensive and integrated communications process for effective communication. Annual objectives are tied directly to the objectives set by the school for achieving its goals.

The plan is a working document that is reviewed on an annual basis by the administration. It is used as a basis for the school's accountability, as well as for providing a framework for future resources and budgetary consideration.

The Comprehensive Communications Plan is intended to do the following:

1. Implement a communications plan that helps achieve our strategic goals.
2. Foster strong relationships with stakeholders.
3. Provide direction for messages/methods in support of the school's goals.
4. Enable the school to present itself accurately to audiences.

Key Messages

Key messages are the master narrative and essence of what Oakbrook needs to communicate. It's the bite-size summations that articulate: what we do, what we stand for and what value we bring to the community.

Communication cannot always be controlled; key messages can. Messaging helps a school district do the following:

- Prioritize and crystallize information.
- Ensure consistency, continuity and accuracy.
- Measure and track success.
- Stay focused when speaking with media or our school community.

Careful attention needs to be paid to key messaging.

- Concise: Optimally three key messages on one page; each statement only one to three sentences in length or under 30 seconds when spoken.
- Strategic: Define, differentiate and address benefits/value proposition.
- Relevant: Balance what needs to be communicated with what the audience needs to know.
- Compelling: Meaningful information designed to stimulate action.
- Simple: Easy-to-understand language; avoid jargon and acronyms.
- Memorable: Easy to recall and repeat; avoid run-on sentences.
- Tailored: Effectively communicates with different target audiences, adapting language and depth of information.

Administration will hold regular training sessions for new and returning staff at the beginning of each academic year and as needed to ensure consistency.
