

Summer Packet - Reminder for K3 Parents

Please be certain your child is working on and achieving potty training skills during the summer break since this is a requirement for entering K3 at Oakbrook. This would include being able to recognize the need to use the bathroom and getting there in time. They also need to be able to undress themselves, clean themselves, and redress themselves. This includes being able to take off and put on shoes and socks in case of an accident. Learning to take off a wet bathing suit and dress themselves in the summer is great practice!
